

T Training

The Way Forward

Course Overview

The ten-day fork lift trainer course is conducted in accordance with RTITB. The course itself is for the more experienced employees who wish to take on the role of fork lift truck instructor in their workplace or for their own commercial reasoning.

Successful completion of the course will require candidates to pass an examination that covers basic operating skills, associated knowledge and practical instructional ability. The course concludes with an examination, which you must successfully complete in order to qualify as an RTITB Lift Truck Instructor.

Entry Requirements

Candidates will need to be lift truck operators and are required to provide evidence of successfully completing the basic operating skills test on a counterbalance truck in the previous 12 months.

We recommend that the candidate has a minimum of 6 months operating experience.

Duration

Our RTITB Lift Truck Instructor Course is designed to instruct up to a maximum of 6 delegates and will take 10 days (excluding weekends) to complete.

Course Content Includes;

- Health and safety
- Relevant regulations
- Approved Code of Practice (ACOP)
- The role of the Instructor and qualities
- Basic principles of instruction
- Skills and task analysis
- Lesson structure (practical and theory)
- Report writing
- Lift truck test
